

IACS Rec's and Panel Responsible

Rec	Title	Panel Responsible
1	Portable electrical equipment - Deleted Dec 1996	
2	Type of hatch cover required if a lower deck is designated as the freeboard deck - Deleted Nov 2010	
3	Deleted	
4	Deleted 1996	
5	Method of corrosion fatigue testing - Deleted 1997	
6	Selection of electrical equipment based on location condition - Deleted May 2004	
7	Guide for the use of hull structural steels for prolonged exposure to low service temperatures - Deleted July 2003	
8	Provision for the carriage of heated oils and oils with a flash point above 60°C up to 100°C on dry cargo ships - Deleted Nov 2011	
9	Guidelines for installation of cargo oil discharge monitoring and control system on board oil tankers - Deleted Sept 2005	
10	Anchoring, Mooring and Towing Equipment	Hull; EG/M&W to have technical involvement
11	Materials selection guideline for mobile offshore drilling units	Hull; EG/M&W to have technical involvement
12	Guidelines for surface finish of hot rolled steel plates and wide flats - Deleted July 2018	
13	Standards for ship equipment for mooring at single point moorings	Hull
14	Hatch cover securing and tightness	Hull
15	Care and survey of hatch covers of dry cargo ships- Guidance to Owners	Survey
16	Heading information for emergency steering position	Safety
17	Guidelines for the Acceptance of Manufacturer's Quality Assurance Systems for Welding Consumables	EG/M&W
18	Fire Prevention in Machinery Spaces of Ships in Service - Guidance to Owners	Safety
19	Deleted 1996	
20	Non-destructive testing of ship hull steel welds	EG/M&W; Hull to have technical involvement
21	Guidelines on approval procedure for onboard loading computers	Machinery
22	Recommendations for the classification of areas where flammable gas or vapour risks may arise to permit the proper selection of electrical equipment - Deleted May 2001	
23	Earthed distribution systems on tankers - Deleted Dec 1996	

IACS Rec's and Panel Responsible

Rec	Title	Panel Responsible
24	Intact Stability	Safety
25	Capacity of cargo tank's venting system - Deleted Nov 2010	
26	List of minimum recommended spare parts for main internal combustion engines of ships for unrestricted service	Machinery
27	List of minimum recommended spare parts for each type of auxiliary internal combustion engine driving electric generators for essential services on board ships for unrestricted service	Machinery
28	List of minimum recommended spare parts for auxiliary steam turbines driving electric generators for essential services of ships for unrestricted service	Machinery
29	List of minimum recommended spare parts for main steam turbines of ships for unrestricted service	Machinery; Hull to have technical involvement
30	List of minimum recommended spare parts for essential auxiliary machinery of ships for unrestricted service	Machinery
31	Inclining test unified procedure	Safety
32	Guidelines on welding procedure qualification tests for hull construction - Deleted June 2005	
33	Guidelines for the Construction of Pressure Vessel Type Tanks intended for the Transportation of Anhydrous Ammonia at Ambient Temperatures	Machinery; EG/M&W to have technical involvement
34	Standard Wave Data	Hull
35	Inspection and Maintenance of Electrical Equipment Installed in Hazardous Areas for Ships Other Than Tankers	Machinery
36	Recommended procedure for the determination of contents of metals and other contaminants in stern tube lubricating oil	Machinery
37	Guidelines for cast steel container corner fittings - Deleted Jul 2003	
38	Guidelines for the Survey of Offshore Mooring Chain Cable in Use	Hull; EG/M&W to have technical involvement
39	IACS Safe Use Of Rafts Or Boats For Survey	Survey
40	Survey Guidelines - Emergency Towing Arrangements	Hull
41	Guidance for Auditors to the ISM Code	EG/MS
42	Guidelines for Use of Remote Inspection Techniques for surveys	Survey
43	Care and survey of equipment required by MARPOL 73/78, Annex I – Guidance to owners - Deleted Oct 2010	
44	Survey Guidelines for tanks in which soft coatings have been applied	Survey

IACS Rec's and Panel Responsible

Rec	Title	Panel Responsible
45	Guidelines for Container Corner Fittings - Deleted Dec 2019	Hull; EG/M&W to have technical involvement
46	Bulk Carriers - Guidance and Information on Dry Cargo Loading and Discharging to reduce the Likelihood of Over-stressing the Hull Structure	Hull
47	Shipbuilding and Repair Quality Standard	Survey/Hull; EG/M&W to have technical involvement
48	Recommendations on Loading instruments	Hull
49	Testing of Protection Devices for Generators and Large Consumers on Board	Survey
50	Recommendation on Minimum Content of Casualty Data Check Lists	Hull
51	Deleted Re-categorised as Recommendation 49 in March 1999	
52	Power Supply to Radio Equipment required by SOLAS Chapter IV, and Electrical/ Electronic Navigation Equipment required by SOLAS Chapter V, reg. 19	Machinery
53	Periodic Survey and Testing of Foam Concentrates and CO ₂ Halon Containers	Machinery
54	Guidelines For Acceptance, Application And Survey Of Semihard Coatings In Ballast Tanks	Survey
55	General Dry Cargo Ships - Guidelines For Surveys, Assessment and Repair of Hull Structure	Survey; EG/M&W to have technical involvement
56	Fatigue Assessment Of Ship Structures	Hull
57	Maintenance And Inspection Of Electrical Equipment On The Ship	Survey
58	Fire Protection of Machinery Spaces	Safety
59	In-service testing of large permanently installed breathing gas containers onboard diving vessels	Survey
60	Intact stability of tankers during liquid transfer operations	Safety
61	Recommended Maximum Allowable Rudder Pintle Clearance – Deleted Apr 2020	Survey
62	Container Prototype and production certificates - Deleted Jan 2015	Survey
63	General cargo containers: prototype test procedures and test measurements - Deleted Jan 2015	Survey
64	Quality Control arrangements at works engaged in series production of containers - Deleted Jan 2015	Survey
65	Tank containers: prototype test procedures and test measurements - Deleted Jan 2015	Survey
66	Thermal containers: prototype test procedures and test measurements - Deleted Jan 2015	Survey

IACS Rec's and Panel Responsible

Rec	Title	Panel Responsible
67	Test and Installation of busbar trunking systems	Machinery
68	Guidelines for non-destructive examination of hull and machinery steel forgings	EG/M&W
69	Guidelines for non-destructive testing of marine steel casting	EG/M&W
70	Guidelines on welding procedure qualification tests of aluminium alloys for hull construction and marine structures	EG/M&W
71	Guide for the development of shipboard technical manuals	Safety (lead), other Panels may be requested to assist the lead Panel depending on substance of manual
72	IACS Confined Space Safe Practice	Survey
73	Type approval procedure for cable trays/protective casings made of plastic materials	Machinery
74	Guide to Managing Maintenance in accordance with the requirements of the ISM Code	EG/MS
75	Format for Electronic Exchange of Class and Statutory Data	EG/DATA (GPG)
76	IACS Guidelines for Surveys, Assessment and Repair of Hull Structure - Bulk Carriers	Survey; EG/M&W to have technical involvement
77	Guidelines for the Surveyor on how to Control the Thickness Measurement Process	Survey
78	Safe use of Portable Ladders for Close-up Surveys	Survey
79	Guidance for anchoring equipment in service	EG/M&W
80	Containers "in One Door Off" Operation - Deleted Jan 2013	Hull
81	Guidance on the ISPS Code for Maritime Security Auditors	EG/MS
82	Surveyor's Glossary, Hull Terms and Hull Survey Terms	Survey
83	Notes to Annexes to IACS Unified Requirement S1A on Guidance for Loading/Unloading Sequences for Bulk Carriers	Hull
84	Container Ships – Guidelines for Surveys, Assessment and Repair of Hull Structure	Survey; EG/M&W to have technical involvement
85	Recommendations on Voyage Data Recorder	Machinery
86	Applicable Standards for UR P4.7 "Requirements for Type Approval of Plastic Pipes"	Machinery; EG/M&W to have technical involvement
87	Guidelines for Coating Maintenance & Repairs for Ballast Tanks and Combined Cargo/Ballast Tanks on Oil Tankers	Survey

IACS Rec's and Panel Responsible

Rec	Title	Panel Responsible
88	Periodical hydrostatic tests of air cylinders of safety equipment	Survey
89	Firms engaged in testing of navigational equipment and systems	Survey
90	Ship structure access manual	Survey
91	Guidelines for approval/acceptance of alternative means of access	Survey
92	IACS Guidelines for ISM Code and ISM Code aligned audits and SMC and ISSC expiration dates alignment – Deleted Oct 2019	EG/MS
93	Performance Standards for Universal Automatic Identification Systems (AIS) (SOLAS Reg.V/18.2)	Safety
94	Guideline for application of UR S31 Rev.4	Hull
95	Recommendation for the Application of SOLAS Regulation V/15 – Bridge Design, Equipment Arrangement and Procedures (BDEAP)	Safety
96	Double Hull Oil Tankers - Guidelines for Surveys, Assessment and Repair of Hull Structure	Survey; EG/M&W to have technical involvement
97	Recommendation for UR S11.2.1.3, Rev.5	Hull
98	Duties of Surveyors under Statutory Conventions and Codes	Safety
99	Recommendations for the Safety of Cargo Vessels of less than Convention Size	Safety
100	IACS recommended practice on the time requirement for thoroughly closing sea inlets and discharges below the waterline in case of influx of water	Safety
101	IACS Model Report for IMO Resolution MSC.215(82) Annex 1 “Test Procedures for Coating Qualification”	Survey
102	IACS Model Report for IMO Resolution MSC.215(82) Annex 1 “Test Procedures for Coating Qualification”, Section 1.7 – Crossover Test	Survey
103	Guidance for the compilation of the IOPP Supplement	Environmental
104	Qualification scheme for welders of steels – Deleted Jan 2018	
105	Qualification scheme for welders of aluminium alloys	EG/M&W
106	IACS Guideline for Rule Development - Ship Structure	Hull
107	Guidance for application of vertical contract audits - Deleted Sept 2011 Incorporated into IACS Procedures Volume 3, IACS Quality System Certification Scheme (QSCS)	
108	Under Development	

IACS Rec's and Panel Responsible

Rec	Title	Panel Responsible
109	Acceptance criteria for cargo tank filling limits higher than 98% (on ships constructed before 1 July 2016)	Safety
110	Guideline for Scope of Damage Stability Verification on new oil tankers, chemical tankers and gas carriers	Safety
111	PASSENGER SHIPS – Guidelines for preparation of Hull Structural Surveys	Survey
112	<i>No record</i>	
113	Expert Parties Engaged in Visual and/or Sampling Checks for Preparation of Inventory of Hazardous Materials	Survey
114	Recommendation for operational testing, inspection and documentation of emergency shutdown valves for liquefied gas carriers	Machinery
115	Under Development	
116	Performance Standard for Protective Coatings for Cargo Oil Tanks of Crude Oil Tankers – 5 years field exposure test in accordance with MSC.288 (87)	Safety / Survey
117	Exchange of Statutory Documentation upon Transfer of Class	Survey
118	Maritime Labour Convention, 2006: Handling of Seafarer Complaints by Recognized Organizations- Deleted June 2019	EG/MS
119	Uniform application of SOLAS Reg. II-1/3-9 in association with MSC.1/Circ.1331	Safety
120	Survey of electrical equipment installed in hazardous areas on tankers	Machinery
121	Uniform application of MARPOL Annex I, Revised Regulation 12	Environmental
122	Integral Buoyancy Casings in Lifeboats and Rescue Boats	Survey
123	“Recommendation based on IMO instruments - MSC.1/Circ.1370 “Guidelines for the design, construction and testing of fixed hydrocarbon gas detection systems” and Resolution MSC.292 (87) “Amendments to the FSS Code Chapter 16 Fixed Hydrocarbon Gas Detection Systems””	Safety
124	Guidance on the role of the Recognised Security Organisation in relation to the employment of armed guards and the installation of citadels on board ships threatened by piracy in the Indian Ocean	EG/MS
125	Under Development	
126	Record of approved GMDSS radio installation	Safety

IACS Rec's and Panel Responsible

Rec	Title	Panel Responsible
127	A guide to risk assessment in ship operations	Safety
128	Record of approved Ship Safety Equipment	Safety
129	Guidance on DMLC Part II review, inspection and certification under the Maritime Labour Convention, 2006	EG/MS
130	Procedures for verifying that materials are asbestos free	Survey
131	Uniform application of SOLAS Ch.II-2 Reg. 4.5.7.3.2.1 for accepting a constant operative inerting systems (COIS) as an alternative to fixed hydrocarbon gas detection equipment in double hull and double-bottom spaces on oil tankers	Safety
132	Human element recommendations for structural design of lighting, ventilation, vibration, noise, access and egress arrangements	EG/GBS
133	Guidelines for pilot schemes of extended interval between surveys in dry-dock – extended dry-docking (EDD) scheme	Survey
134	Boat transfers safe practice	Survey
135	Rooms for emergency fire pumps in cargo ships	Machinery
136	Guidelines for working at height	Survey
137	Recommendation for protection of socket outlets for road freight units	Machinery
138	Recommendation for the FMEA process for diesel engine control systems	Machinery
139	Guidelines on Approval of Hull Steels with Improved Fatigue Properties	EG/M&W
140	Recommendation for safe precautions during Survey and Testing of Pressurized Systems	Survey
141	Guidelines for the Assessment of Safety Aspects at Workplace	Survey
142	LNG Bunkering Guidelines	Machinery
143	Recommended procedure for the determination of contents of metals and other contaminants in a closed fresh water system lubricated stern tube	Survey
144	Inspection of ship's side valves	Survey
145	Recommendation for the Operation of Shore-Based Emergency Response Services	Hull
146	Risk assessment as required by the IGF Code	Machinery

IACS Rec's and Panel Responsible

Rec	Title	Panel Responsible
147	Type Approval Certificate of Internal Combustion Engine	Machinery
148	Survey of liquefied gas fuel containment systems	Survey
149	Guidance for applying the requirements of 15.4.1.2 and 15.4.1.3 of the IGC Code (on ships constructed on or after 1 July 2016)	Safety
150	Vapour pockets not in communication with cargo tank vapour / liquid domes on liquefied gas carriers	Safety
151	Recommendation for fuel oil treatment systems	Machinery
152	Survival crafts launching stations. Guidance for applying the requirements of 11.3.1 of the IGC Code (on ships constructed on or after 1 July 2016)	Safety
153	Recommended procedures for software maintenance of shipboard equipment and systems – Deleted Apr 2020	Cyber Systems
154	Recommendation concerning manual / local control capabilities for software dependent machinery systems – Deleted Apr 2020	Cyber Systems
155	Contingency plan for onboard computer based systems – Deleted Apr 2020	Cyber Systems
156	Network Architecture – Deleted Apr 2020	Cyber Systems
157	Data Assurance – Deleted Apr 2020	Cyber Systems
158	Physical Security of onboard computer based systems – Deleted Apr 2020	Cyber Systems
159	Network Security of onboard computer based systems – Deleted Apr 2020	Cyber Systems
160	Vessel System Design – Deleted Apr 2020	Cyber Systems
161	Inventory List of computer based systems – Deleted Apr 2020	Cyber Systems
162	Integration – Deleted Apr 2020	Cyber Systems
163	Remote Update / Access – Deleted Apr 2020	Cyber Systems
164	Communication and Interfaces – Deleted Apr 2020	Cyber Systems
165	Recommendation for assessing alternative methods used in the hull structural design of ships subject to the Common Structural Rules for Bulk Carriers and Oil Tankers (CSR-BC&OT)	Hull
166	Recommendation on Cyber Resilience	Cyber System
167	Guidelines for the Identification of Vibration Issues and Recommended Remedial Measures on Ships	Hull, Survey to have technical involvement
